Dear MSP,

Very late I know but I've only just learned that you are currently discussing the Fireworks and Pyrotechnic Articles (Scotland) Bill. I assume it will be later today when you get this email.

After decades campaigning on this issue I believe this latest Bill to be yet another total waste of your valuable time. It will not work.

The links below and [this short letter](#) will give you our reasons for being very dismissive of this dog's dinner of a Bill.
